WHAT WE OFFER

AVAILABLE WORKPLACE SERVICES

Atrium Clinic: A Haven for Mental Wellbeing

For 25 years, Atrium Clinic has been a beacon of hope, providing comprehensive mental health services nationwide. Driven by innovation and evidence-based practices, Atrium Clinic has transformed lives, earning recognition as a technology Clinical partner.

Atrium Clinic's success lies in its dedicated clinicians, each a unique blend of expertise and compassion. Whether in forensic institutions, schools, or workplaces, these practitioners bring unwavering dedication to transforming lives.

The Mental Health Hub fosters clinical supervision, training, and research. Here, aspiring mental health professionals find a nurturing environment to advance their skills in the field of mental healthcare.

25 Years of Support

Atrium Clinic has been offering confidential counselling and coaching services for 25 years. We work with a range of commissioners including GPs.

Innovation In Mental Health

We are clinical partners, collaborating with individuals and organisations to deliver evidence-based mental health solutions using new technologies.

Forensic Clinicians

We work as specialist clinicians in forensic institutions, or with those who are being rehabilitated in the community.

New Wave Therapies

We are specialists working in schools to evaluate pilot programs that are evaluating the next generation of therapeutic interventions.

Community Wellness

We work as clinical partners to workplaces and community projects.

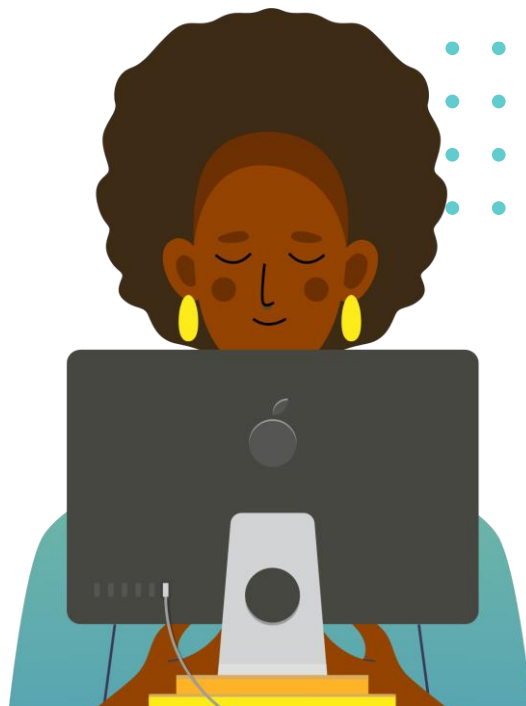

Mental Health Hub

We offer high level clinical supervision, clinical placements to Doctorate psychologists and Masters level therapists and accredited training in mental healing workplace, and family support.
